Letter of Support

{Bills *S1696* and *A3242*}

The Association of Student Assistance Professionals of New Jersey (ASAP-NJ) supports the New Jersey Prevention Network (NJPN) in their efforts to gain passage of Bills S1696 and A3242 which would permit a student to participate in a voluntary and confidential survey providing the district sends prior written notification to the student's parents.

ASAP-NJ agrees that student surveys are a valuable prevention tool in schools. Surveys are needed to develop and implement current strategies and prevention programs in schools that are timely and relevant to their district. Surveys also provide schools with valuable information relating to the availability and use patterns of alcohol and other drugs among New Jersey students.

Sincerely,

Jon Gaspich

Jon Gaspich, MA, LCADC, CSW, SAC
President, ASAP-NJ
