### Purpose of Collaborative:

"Created by the Association of Student Assistance Professionals of New Jersey (ASAP-NJ) the "Youth Rite of Passage - Impact of Marijuana Legalization" Collaborative is made up of statewide school, youth and family focused, prevention/early intervention/screening and referral/recovery organizations who have come together in agreement to have ongoing and open dialogue concerning a wide-stretch of data driven, evidence-based research knowledge and practices concerning the destructive socioeconomic biopsychosocial, academic and community workforce consequences of marijuana legalization on youth, families, schools and communities across New Jersey."
